Excerpt from Observations on Mr. Fieldings Enquiry Into the Causes of the Late Increase of Robbers, &C: In Which Not Only the Present Reigning Vices Among the Vulgar Are More Candidly and Impartially Considered; But the Follies and Vices of the Politer Part of the British Nation Are Freely Represented; As Also the Pernicious Consequences of Drinking Gin Mor

A Pamphlet has lately made its appearance, under the sanction of a name very familiar to the public, intitled, An Enquiry into the Causes of the late increase of Robbers, &c. with some proposals for remedying this growing evil: in which the present reigning vices are impartially exposed; and the laws that relate to the provision for the Poor, and to the punishment of Felons, are largely and freely examined.
