

Chicagos Black Traffic in White Girls (Classic Reprint)

Excerpt from Chicagos Black Traffic in White GirlsMy Sole Aim in bringing this little pamphlet to you is to definitely call the attention of the men and women of the Central Western States, and especially those of the City of Chicago into whose hands it may come, to the vicious, thoroughly organized white-slave traffic of to-day, and its attendant, far-reaching, horrible results upon the young man and womanhood of our Land.During a constant residence covering seven years of time in the central slum districts of the West and South Sides of Chicago, I have gained much actual knowledge of the questions of poverty, drink and prostitution among the lost men and women of these great neighborhoods, have become personally acquainted with very many of them, visiting them, listening to their heart stories and growing to know much of their inside lives, and have learned a real tender interest and pity for them in their remorseful, helpless, hopeless condition.All incidents, references and statistics (as far as possible) herein given are strictly authentic, and have been collected with great care and fairness either by myself or my assistants.About the PublisherForgotten Books publishes hundreds of thousands of rare and classic books.
