J Krishnamurti is widely respected for his psychological insight. For over forty years his world-wide lectures invited listeners to confront inner reality. As a unique teacher he pointed the way for many to understand themselves and so to develop a richer life. In 1949 Krishnamurti delivered a series of talks at Ojai, which were recorded, and KPFK is proud to be able to present the entire series. As a Companion to the audio book download series featuring audio restored from analog recordings made of talks given around the world during J Krishnamurti's long life. This is a transcript of each talk. J. KRISHNAMURTI Jiddu Krishnamurti (May 12, 1895 February 17, 1986) was a world renowned writer and speaker on philosophical and spiritual subjects. His subject matter included: the purpose of meditation, human relationships, the nature of the mind, and how to enact positive change in global society. Krishnamurti was born into a Telugu Brahmin family in what was then colonial India. In early adolescence, he had a chance encounter with prominent occultist and high-ranking theosophist C.W. Leadbeater in the grounds of the Theosophical Society headquarters at Adyar in Madras (now Chennai). He was subsequently raised under the tutelage of Annie Besant and C.W. Leadbeater, leaders of the Society at the time, who believed him to be a vehicle for an expected World Teacher. As a young man, he disavowed this idea and dissolved the world-wide organization (the Order of the Star) established to support it. He claimed allegiance to no nationality, caste, religion, or philosophy, and spent the rest of his life traveling the world as an individual speaker, speaking to large and small groups, as well as with interested individuals. He authored a number of books, among them *The First and Last Freedom*, *The Only Revolution*, and *Krishnamurti's Notebook*. : In addition, a

large collection of his talks and discussions have been published. At age 90, he addressed the United Nations on the subject of peace and awareness, and was awarded the 1984 UN Peace Medal. His last public talk was in Madras, India, in January 1986, a month before his death at home in Ojai, California. His supporters, working through several non-profit foundations, oversee a number of independent schools centered on his views on education in India, England and the United States and continue to transcribe and distribute many of his thousands of talks, group and individual discussions, and other writings, publishing them in a variety of formats including print, audio, video and digital formats as well as online, in many languages.
