

TerraViva! WorldResources 2003 Network Version

This network licence is valid for a single server, single building. The next generation in the World Resource data series, TerraViva!World Resources brings an unparalleled world of information about Earth and its people directly to your desktop. It integrates the comprehensive World Resources Database with stunning maps and powerful analytical tools. Its visual approach combines comprehensive data with graphic tools that breathe sense, form, and color into world statistics. TerraViva!WorldResources gives you the power to know your world. Compare countries using hundreds of environmental, social and political and economic variables for more than 200 countries. Watch the data come alive in your choice of colorful maps, tables, graphs and text. System Requirements * PC with 200Mhz or equivalent, running Microsoft Windows 95 or later * 61MB of RAM (128 MB recommended) * Hard disk space required: 198MB minimum * CD-ROM drive and pointing device * Adobe Acrobat Reader 3.0 or later; a current version is provided on the TerraViva!WorldResources installation CD.
